

## We look forward to meeting you!

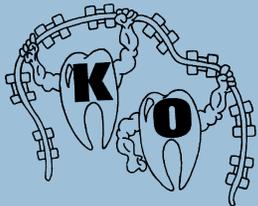

Our goal as an orthodontic team is to provide our patients with the very best care in a fun and relaxing atmosphere where you and your family are not just patients, but also friends.

“The Kendzior Girls”

It is a privilege for us to work together to achieve beautiful smiles, which are also a part of improving attitudes, personalities and self-esteem.

“Come See Us For a **K**nock **O**ut Smile”

## About Dr. Brad Kendzior ...

He is a graduate of Franklin High School. After serving three years in the U.S. Army, he received his B.A. degree from Washington and Jefferson College. He entered dental school at West Virginia University for four years to receive his D.D.S. dental degree and continued into a one-year Advanced Education in a General Dentistry residency program. Dr. Kendzior then proceeded into the orthodontic residency where he completed a three year program to be awarded his certificate and Masters Degree in orthodontics at West Virginia University. He is a member of the American Association of Orthodontists.

As an orthodontist he specializes in the diagnosis, prevention, and treatment of dental and facial irregularities.

## What are the advantages of coming to Kendzior Orthodontics?

- Most advanced technologies available in orthodontics including the DAMON System, clear and silver braces with colors, INCOGNITO, and INVISALIGN.
- TMJ evaluations and treatment.
- Flexible no interest payment plans and submit to most insurance companies.
- Free initial and pre-treatment examinations.
- Family owned practice serving your local community and available 24hrs/day for emergencies.
- In house lab where appliances and retainers can be repaired or replaced.
- Both offices are full service and centrally located.
- Fun and friendly staff.

**BRACE EXPRESS free transportation to and from school for appointments.**

## When should orthodontic treatment start?

Gone are the days when braces were “just for kids”. Many adults can benefit from orthodontics, and even children as early as 7 years old can be helped. No referral is necessary and we offer family discounts.

Your smile is your greeting to the world and an important part of your dental health. The good news is that orthodontic treatment can help you achieve a healthy, beautiful smile at any age that's good for life.
